

**NEW**

## PD-500

Designed to rock, the PD-500 is the next evolution in portable PA solutions. The PD-500 features an eight-channel mixer, patented Feedback Killer™, 48-volt phantom power, selectable digital effects and a 500-Watt class D stereo power amp. PD-500 speaker cabinets feature Neo-Precision® neodymium speakers designed by Celestion® for superior musical performance and decreased weight. The Neo-Precision speaker design features two 8" woofers and one titanium compression driver and horn per cabinet. Weighing in at a mere 53 lbs., the PD-500 is the top contender in portable PA solutions.

**069-1007-XXX**

## PD-250

Featuring a six-channel mixer, 250-Watt stereo power amp and specialized DSA speaker design, the PD-250 provides powerful and full sound in a portable and easy-to-use design. If it's a coffee shop performance or a company event, the PD-250 is great in any situation where quality sound is needed.

**069-2001-XXX**

## PD-150

The PD-150 is a full-featured portable sound system. The PD-150 features a four-channel mixer, 150-Watt stereo power amplifier and specialized DSA speaker design. The PD-150 provides powerful and full sound in a very portable and easy-to-use design. If it's a corporate presentation or a school classroom, the PD-150 is perfect in any situation where quality sound is required and a lightweight product is a must.

**069-2005-XXX**

## P-80

The award-winning Fender® Passport® P-80 portable sound system is packed with easy-to-use features at an easy-to-handle price. At a light 27.5 lbs, it's easy to carry and makes setup a snap. Whether you are speaking at a religious engagement, holding a seminar or teaching in the classroom — the Passport P-80 provides dependable high quality sound so you can deliver your message to audiences of up to 150 people in size.

**069-1003-XXX**

## P-10 PERSONAL SOUND SYSTEM

This highly portable, personal sound system is ideal for paging applications, tour guides, classrooms, day-care activities, crowd control, and all situations where you need to raise the volume of your voice to communicate with a small audience. The P-10 systems are battery powered and weigh only 6.5 lbs. Wired (P-10) and wireless (P-10W) models are available. Comes complete with a dynamic microphone, 3' coiled cable, battery charger and shoulder strap. The P-10 also features a built-in mic stand adapter.

069-1110-XXX

## P-10W WIRELESS PERSONAL SOUND SYSTEM

Used by police forces, teachers and zoos, the P-10W features a built-in wireless mic receiver and internal rechargeable battery. The P-10W comes complete with a hand-held, single frequency VHF wireless microphone, shoulder strap and battery charger. When you need to communicate fast or on the go, the P-10W is perfect for you.

## PASSPORT® WIRELESS EXECUTIVE SYSTEM

The Passport Wireless Executive System is an easy to install and easy-to-use VHF wireless system made for the Passport products. Simply install the receiver in the rear compartment of the Passport system and the wireless takes over channel one of the Passport system. The Passport Wireless Executive System comes complete with wireless receiver, belt-pack transmitter, headset and lavalier microphone, and a ¼" instrument cable. Perfect for presenters, teachers and auctioneers.

069-1205-00x (transmitter and receiver)

## PASSPORT WIRELESS HAND-HELD SYSTEM

The Passport Wireless Hand-held System is an easy-to-install and easy-to-use VHF wireless system made for the Passport products. Simply install the receiver in the rear compartment of the Passport system and the wireless takes over channel one of the Passport system. The Passport Wireless Hand-held System comes complete with wireless receiver and VHF hand-held wireless microphone. Perfect for performers, churches and teachers.

069-1201-00x (transmitter and receiver)

## PASSPORT® WIRELESS EXECUTIVE KIT

The Passport Wireless Executive Kit augments the Passport Hand-held Wireless System with executive microphone options. The Passport Wireless Executive Kit comes with wireless belt-pack transmitter, headset and lavalier microphone, and a 1/4" instrument cable. Perfect for presenters, teachers and auctioneers.

**069-1103-00x (transmitter only)**

## PASSPORT WIRELESS HAND-HELD MICROPHONE

The Passport Wireless Hand-held microphone augments the Passport Wireless Executive System. The Passport Wireless Hand-held microphone is a single-channel, high-quality wireless, electret-condenser microphone. Perfect for performers, churches and teachers.

Wireless Frequencies: Passport Wireless accessories are available in a number of frequencies. For most applications, travel frequencies will operate in any area without interference. If a specific frequency is required, select from the list below. Select a frequency that corresponds to a TV station not broadcast in your area. The last digit of the part number indicates frequency.

- |                               |                              |
|-------------------------------|------------------------------|
| (001) Travel "A" = 169.505mHz | (006) Channel 12 = 206.4mHz  |
| (002) Travel "B" = 171.905mHz | (007) Channel 10 = 195.4 mHz |
| (004) Channel 07 = 174.8mHz   | (008) Channel 13 = 208.2mHz  |
| (005) Channel 11 = 202.4mHz   |                              |

**069-1102-00x (transmitter only)**

## PASSPORT® P-51 MICROPHONE KIT

The P-51 is a high quality, cardioid pattern dynamic microphone ideal for voice and instrument use. The P-51 comes with microphone cable, stand clip and a custom pouch.

069-9000-000

## PASSPORT ST-275 SPEAKER STANDS

The ST275 includes two heavy-duty tripod stands constructed of anodized aluminum alloy tubing, and a nylon carrying bag. For use with Passport speakers or any speaker with a pole-mount adapter (up to 60 lbs).

069-9001-000 (with carrying bag)

## PASSPORT DC-DC CONVERTER

The Passport series and sound systems are capable of running off a DC power source (battery) using the DC-DC converter. The converter connects between any 12-volt automotive or marine battery and the Passport system.

069-9002-000

## PASSPORT BATTERY PACK

The Fender® Passport Battery Pack is a 12-volt, deep-cycle 17 amp battery intended for use with the DC-DC converter. This combination of converter and Passport Battery Pack is capable of powering a Passport system for six to eight hours. An AC adapter is included to recharge the battery.

069-9003-000

## PASSPORT® TRAVEL PACK

To help you carry a 250 or 500 from point A to point B, we've created a specially-fitted luggage cart and protective cover. Steel adjustable luggage cart and padded water-resistant canvas cover. Canvas covers are also available individually for 80/150 and 250/500 systems.

069-9004-049

## PASSPORT PD-250/PD-500 COVER

Protect your investment! Padded, water-resistant canvas cover for the Passport 250 and 500 series.

069-9005-000

## PASSPORT SPEAKER WALL MOUNT

Allows you to mount the Passport speakers out of the way to a wall.

069-9006-100

## PASSPORT DUAL SPEAKER MOUNT

With the Dual Speaker Mount, you can mount two speakers (150 or 250) on a single speaker stand.

069-9007-000

## PASSPORT® ST-280 STAND KIT

The ST280 includes the same speaker-stands as the ST275, with two additional microphone tripod stands. All the stands you need in a convenient nylon carrying bag.

069-9008-000

## PASSPORT DC TRAVEL PACK

Keeps the DC-DC converter and the battery pack for easy transport.

069-9009-000

## PASSPORT P80/PD-150 PROTECTIVE COVER

Protect your investment! Padded, water-resistant canvas cover for the Passport 80 and 150 series.

069-9010-000

## PASSPORT ST-300 CRANK UP STAND KIT

Save your back! The ST-300 speaker stands allow you to place cumbersome speakers on the stand at a lower level and the crank them up. No more lifting heavy speakers above your head and straining to get them mounted. The ST-300 comes complete with two crank-up stands and a durable nylon carry bag.

069-9013-000

**PDP-1 (PASSIVE SPEAKERS)**

Does your home system need help? The PDP-1 Speakers are designed to augment the audio for TVs, Plasma and LCD displays. With either Black or Silver brushed aluminum extrusion cases, the PDP speakers match all brands and colors of TVs and displays. The PDP-1 speaker pair features two 25mm high-frequency drivers and two 100 mm low-frequency drivers for full, crystal clear sound.

**069-5000-000** Silver  
**069-5001-000** Black

**PDP-125 (ACTIVE SPEAKERS)**

Does your home sound need help? The PDP-125 active speakers are designed to augment the audio for TVs, Plasma and LCD displays. With either Black or Silver brushed aluminum extrusion cases, the PDP speakers match all brands and colors of TVs and displays. The PDP-125 speaker pair features two 25 mm high frequency drivers, two 100 mm low frequency drivers, and dual 20 Watt power amps for full, crystal clear sound. Use the PDP-125 in conjunction with the PDP-S50 subwoofer for a 2.1 stereo system or studio monitors.

**069-5010-XXX** Silver  
**069-5011-XXX** Black

**PDP-S50 (POWER SUB)**

What is sound without the lows? The PDP-S50 powered subwoofer is designed add the low end you need while at home watching your favorite movie, listening to your stereo or adding "thump" to your video game. With either Black or Silver cabinets, the PDP-S50 subwoofers match all brands and colors of TVs and displays. The PDP-S50 features one high-efficiency 10" woofer, 50 Watt power amp for full low-end sound. A variety of connections allows the PDP-S50 to be used in many situations.

## ACE-12 LOUDSPEAKER

The ACE Series Loudspeakers feature passive two-way crossovers with a high-frequency driver protection circuit. The protection circuitry allows ACE Loudspeakers to handle occasional power spikes that would destroy most other speaker systems. The compression drivers in the ACE Series Loudspeakers have 1 $\frac{3}{4}$ " titanium diaphragms and annular phase plugs for superior frequency response. The 12" woofers are designed for maximum efficiency and robust 300 Watt power handling.

071-5012-000

071-0012-000 **Ace-12 Speaker Bag**

## ACE-15 LOUDSPEAKER

The ACE-15 speaker enclosures are professional, two-way speaker enclosures designed for the most demanding customers. The ACE Series Loudspeakers feature passive two-way crossovers with a high-frequency driver protection circuit. The protection circuitry allows ACE Loudspeakers to handle occasional power spikes that would destroy most other speaker systems. The compression drivers in the ACE Series Loudspeakers have 1 $\frac{3}{4}$ " titanium diaphragms and annular phase plugs for superior frequency response. The 15" woofers are designed for maximum efficiency and robust 300 Watt power handling.

## SQ-4 SOUND SYSTEM

Designed to perform, the Squier® 4 sound system offers top quality sound in a package that doesn't hurt your back or your pocketbook. The Squier 4 sound system comes complete with a four-channel, 80-Watt powered mixer, two SQ-10 speaker cabinets, a SQM-1 microphone and mic cable. The 80-Watt, four-channel mixer is complete with master reverb and master tone controls. Each of the four channels comes with both a balanced, LO-Z, XLR mic input with 15 volt phantom power and a HI-Z, 1/4" phone jack input. The Squier 4 Sound System is perfect for use in churches, small bands and schools.

071-7150-XXX

## SQ-10 SPEAKER ENCLOSURE

Performance, use after use! The Squier SQ-10 loudspeaker is designed for front of house and live sound applications. The SQ-10 loudspeaker features efficient 10" woofer, 1-1/2" piezoelectric compression driver and 240 Watt peak power handling. The Squier loudspeakers are built from sturdy 3/4" particle board, metal corners with a rugged metal grille for durability.

071-0110-100

## SQ-12 SPEAKER ENCLOSURE

Performance, use after use! The Squier SQ-12 loudspeaker is designed for front of house and live sound applications. The SQ-12 loudspeaker features efficient 12" woofer, 1-1/2" piezoelectric compression driver and 320 Watt peak power handling. The Squier loudspeakers are built from sturdy 3/4" particle board, metal corners with a rugged metal grille for durability.

071-0112-100

## SQ-15 SPEAKER ENCLOSURE

Performance, use after use! The Squier SQ-15 loudspeaker is designed for front of house and live sound applications. The SQ-15 loudspeaker features efficient 15" woofer, 1-1/2" piezoelectric compression driver and 600 Watt peak power handling. The Squier loudspeakers are built from sturdy 3/4" particle board, metal corners with a rugged metal grille for durability.

071-0115-100

## SQ-SUB SUBWOOFER

Performance, use after use! The Squier® SQ-SUB subwoofer is designed for front of house and live sound applications. The SQ-SUB subwoofer features efficient 12" woofer and 600 Watt peak power handling. The Squier SQ-SUB subwoofer is built from sturdy ¾" particle board, metal corners for durability.

071-0120-100

## SQ-12M FLOOR MONITOR

Performance, use after use! The Squier SQ-12M floor monitor is designed for live stage applications. Brought to you by Fender®, the world's leader in musical instruments and amplifiers, the Squier SQ-12M floor monitors use dual compression drivers to reduce the potential of feedback on stage. The SQ-12M floor monitor features efficient 12" woofer, dual 1-1/2" piezoelectric compression driver and 320 Watt peak power handling. The Squier loudspeakers are built from sturdy ¾" particle board, metal corners with a rugged metal grille for durability.
